

Lab Experiment-12

12.Perform a 270-degree rotation clockwise along the y-axis for the given image.

Code:

```
!pip install opencv-python
import cv2
from google.colab import files
from google.colab.patches import cv2_imshow
f = files.upload()
file = list(f.keys())[0]
img = cv2.imread(file)
rot = cv2.rotate(img, cv2.ROTATE_90_COUNTERCLOCKWISE)
cv2_imshow(img)
cv2_imshow(rot)
```

Output:

...
