

Lab Experiment-19

19. Implement the Erosion Morphological operations technique using Open CV in python.

Code:

```
!pip install opencv-python
import cv2, numpy as np
from google.colab import files
from google.colab.patches import cv2_imshow
f = files.upload()
file = list(f.keys())[0]
img = cv2.imread(file, 0)
kernel = np.ones((5,5), np.uint8)
eroded = cv2.erode(img, kernel, iterations=1)
cv2_imshow(img)
cv2_imshow(eroded)
```

Output:
