

Lab Experiment-20

20. Implement the Dilation technique as a Morphological operation to dilate the foreground regions based on Open CV.

Code:

```
!pip install opencv-python
import cv2, numpy as np
from google.colab import files
from google.colab.patches import cv2_imshow
f = files.upload()
file = list(f.keys())[0]
img = cv2.imread(file, 0)
kernel = np.ones((5,5), np.uint8)
dilated = cv2.dilate(img, kernel, iterations=1)
cv2_imshow(img)
cv2_imshow(dilated)
```

Output:
